

Precise White Porcelain Layered Zirconia Stain With Emax OEM

Basic Information

Product Specification

- Translucency: High
- Resistance To Staining: High
- Color: White
- Fit: Precise
- Durability: Long-lasting
- Biocompatibility: Excellent
- Material: Zirconia
- Size: Customizable
- Highlight: **Precise porcelain layered zirconia, porcelain layered zirconia Stain, OEM zirconia layered with emax**

Product Description

Introduction

Introducing ADS Dental Lab's Zirconia Stain, the perfect solution for enhancing the aesthetic appeal of zirconia restorations. Designed for dental professionals, our stain ensures a natural, lifelike finish with superior color matching and high-quality results.

Key Features

Natural Aesthetic Finish Provides a seamless blend with natural teeth by mimicking enamel's translucency and color variations.

High Customizability Offers customizable shades and hues to match individual patient needs, ensuring precise color matching.

Durable and Long-Lasting Crafted from high-quality materials, our stain ensures long-lasting durability and color stability.

Easy Application Facilitates efficient workflow with easy application on all zirconia restorations.

Safe and Biocompatible Biocompatible and safe for oral use, adhering to the highest standards of safety and quality.

Applications

Crowns and Bridges Enhance the natural appearance of zirconia crowns and bridges.

Inlays and Onlays Ensure seamless color integration for inlays and onlays.

Veneers Create veneers that replicate the natural look of teeth.

Instructions for Use

Preparation Thoroughly clean the zirconia restoration before applying the stain.

Application Use a brush to apply the stain evenly.

Firing Fire the stained restoration according to specified temperature and time for optimal color and durability.

Benefits

Enhanced Aesthetics Achieve a natural, lifelike finish that enhances the appearance of zirconia restorations.

Efficient Workflow Quick and easy application process for efficient use in dental labs.

Long-Lasting Results Durable and color-stable, ensuring long-term aesthetic appeal.

Conclusion

ADS Dental Lab's Zirconia Stain offers dental professionals a high-quality solution for enhancing the aesthetic quality of zirconia restorations. With its natural finish, customizability, and ease of use, it's essential for achieving superior results. Contact ADS Dental Lab to learn more or place an order.
